| [LeetCode](#) | Software Developer | [GitHub](#) |

PROFESSIONAL SUMMARY

Results-driven Software Developer with nearly 4 years of Java backend experience building enterprise applications, microservices, and distributed systems. Currently maintaining critical government applications at EdgeVerve Systems. Proven expertise in Spring Boot, Struts MVC, containerization, and legacy system modernization, consistently delivering quantifiable results.

PROFESSIONAL EXPERIENCE

Product Integration Analyst | EdgeVerve Systems Limited

Aug 2025 – Present

GOI | Technologies: Java, Struts MVC, JSP, Hibernate, Criteria API, Wildfly, Postgres SQL

- Maintained legacy Income Tax e-filing application serving millions of taxpayers with 99.5% uptime
- Developed 10+ new features using Struts framework, improving portal functionality and user experience
- Optimized database queries using Hibernate Criteria API, reducing data retrieval time by 25%

Specialist Programmer | Infosys Limited

July 2022 – July 2025

Consumer Client (Oct 2023 – Dec 2023) | Technologies: Spring Boot, Podman, JUnit, Mockito, Maven

- Developed microservices for food supply chain management using Spring Boot and containerized with Podman
- Set up comprehensive integration test framework, creating 30+ test cases covering critical business workflows
- Configured Podman containers for local development environment, reducing setup time by 50%
- Collaborated with QA team to implement automated testing pipeline, improving deployment confidence

Retail Client (Jan 2024 – July 2025) | Technologies: Spring Boot, GraphQL, Azure SQL, Karate

- Developed reusable Java library for product search, reducing duplicate code by 30% across 5+ microservices
- Implemented 50+ integration tests using Karate, increasing test coverage from 50% to 90%

Logistics Client (July 2022 – Dec 2023) | Technologies: Spring Boot, GCP Firestore, REST APIs

- Designed 15+ API endpoints for Order Management System handling 10,000+ daily users
- Improved SonarQube coverage from 65% to 90%, eliminating 200+ code smells

TECHNICAL SKILLS

Backend: Java 8/11/17, Spring Boot, Struts MVC, REST APIs, GraphQL, Microservices, Kafka, Distributed System

Databases: MySQL, PostgreSQL, Oracle SQL, MongoDB, Azure SQL, GCP Firestore, Redis, Hibernate

Testing: JUnit, Mockito, Karate, Postman, SonarQube, Integration Testing

DevOps & Containers: Git, Jenkins, Docker, Podman, Kubernetes, Maven, Wildfly, WinSCP, Putty

Tools: IntelliJ IDEA, JIRA, Confluence, Git, Eclipse, ELK Stack, Splunk

ACHIEVEMENTS & CERTIFICATIONS

- Solved 666+ LeetCode problems & published technical articles on design patterns and system design
- Microsoft Certified: Azure Fundamentals (AZ-900) & AWS CLOUD PRACTITIONER

EDUCATION

M.Tech – Production Engineering | Delhi Technological University | 8.5

2020 – 2022

B. Tech – Mechanical & Automation | ADGITM, GGSIPU | 7.24

2015 – 2019
